Reports that Survey no 75/2 of Kenchanahalli Village was being used as ground & burial ground prior to Survey Settlement when it was assessed ~~and~~, that it was subsequently sold by auction on 10th Mar 1899 and states that in his opinion ~~that~~ the land may be acquired and set apart for a burial ground.

5 The Vernacular records show that the villagers protested against disposing off the land by Sale and petitioned the Taluq & District authorities for restoring the land for burial purposes ever since the auction took place. Nevertheless the local authorities gave the land to the previous for cultivation. Since then the villagers have deposited the probable cost of acquiring the land viz Rs 78-2-6 and then pray that the land be restored to them for burial purpose.

BANGALORE.

Sir,

Adverting to your docket No.8257/L.B.282-10-2 dated 6th April 1911 calling for a report on the petition of Narse Gowda and others of Kenchanahalli, T.Narsipur Taluk regarding the burial ground in their village, I have the honor to state as follows:-

The land in question was being used as Gomal and burial ground prior to Survey and Settlement, when it was classed as an assessed one bearing Survey No.75/2 measuring 1 acre and 8 guntas with an assessment of ½ one rupee. A dharkast having been received for this land, it was sold by public auction on 10th March 99 for Rs 15/8/-. The villagers then petitioned the Amildar on 11th March 99 protesting against the sale and praying for its cancellation and for the restoration of the land for burying dead bodies. In their subsequent petitions to the Amildar and higher authorities, they expressed their willingness to pay the purchase money to the purchaser in the sale and to reimburse him for the expenses incurred by him for improving the land and paying up Kandayam. It will be seen from the correspondence that a sum of Rs [illegible] paid by the villagers has been held in deposit. After some correspondence in the matter, declaration statements were called for acquiring Survey No.75. The then Sub Division-Officer (Mr.T.M.Surdraraja Iyengar) was however of opinion that the above land being low was unfit for a burial ground -

6

ground and that Survey No. 113 might be selected for the purpose As Survey No. 113 was found rather of rocky soil the Amildar proposed the acquisition of either Survey No. 74 or 76. As there was thus a difference of opinion in the selection of burial ground the matter was referred to the District Health Officer for inspection and opinion. It will be seen from the accompanying copy of his letter No. 49 dated 9th October 1912 that there is no objection to the old site (S.No. 75/2) being used as burial ground and that the place selected by the Amildar (viz., S.No. 113 though situated on a higher level is not a convenient one in as much as the ground would be difficult for digging in dry weather the soil being rocky.

The entire correspondence ending with T. Narsipur Taluk Amildar's report No. 119/2425 dated 2nd October 1912 is herewith submitted for such orders as Government may deem fit to pass. I am however of opinion that the old burial ground bearing S.No. 75/2 may be restored to the villagers by formal acquisition under the Land Acquisition Regulation, the compensation amount being recovered from them.

I have the honor to be,

Sir,

Your most obedient Servant,

Sir,

I have the honor to report that I have, as required in your docket No. 1273 dated 13th August last, inspected the sites under reference therein in company with the Amildar, T.Narsipur Taluk, and see no serious objection for using the old site Survey No.75/2 as burial ground. The place now selected by the Amildar for the purpose is doubtless better being situated on a higher level and drier. But the people allege that in dry weather the ground is difficult of digging being stony and their allegation does not seem to be quite an exaggeration.
